Dear Ayush Narkhede,

We are pleased to extend to you this formal offer for an Internship position as **Virtual Artificial Intelligence Research Intern** at **YuvaIntern**. We were impressed with your background, skills, and enthusiasm, and we believe you will be a valuable addition to our team.

Internship Details:
• **Start Date:** April 25, 2026
• **Duration:** 6 weeks
• **Location:** Remote

Key Responsibilities:
As a **Virtual Artificial Intelligence Research Intern** intern, you will work on tasks and projects related to This virtual internship is designed specifically for students with no prior experience in AI. As a Virtual Artificial Intelligence Research Intern, you will dive into the core concepts taught in the Artificial Intelligence Course, participate in interactive online workshops, and work on simple project assignments to analyze and interpret AI models. Under the guidance of expert mentors, you'll learn to conduct basic research, gather and clean data, and apply elementary machine learning techniques. The role also includes collaborating with peers on group projects, participating in weekly virtual discussions, and contributing to a capstone project that showcases your learning and practical insights into AI trends and applications..

Benefits & Learning Opportunities:
Throughout the duration of your internship, you will have the opportunity to:

- Develop practical skills in [relevant skills/tools].
- Gain hands on experience in [specific tasks/projects].

As part of joining our team, you may be required to sign a confidentiality or non-disclosure agreement. You are also expected to comply with all applicable company policies and regulations, which will be provided to you upon commencement.
